

## LA-F PORT LOADING ARMS

LA-F Port Loading Arms is all steel construction and is the simplest type loading arms. It fully balanced in all position. Swivel joints can be replaced without any lifting equipments. LA-F Port Loading Arms is designed to be manual type.

Size: 6" 8" 10"

### Standard design incorporates:

- All steel construction
- Low torque swivel joints provide easy handing
- Mechanical parking locks
- Handing lines
- Two separate balance system
- High flow rates at low pressuer drop
- Seal Material: --Nitrile  
--Viton  
--PTFE

### Auxiliary Accessories:

- Alarm system
- Insulating flange
- Manual Vacuum breaker
- Automatic Vacuum breaker

### Basic Mode

This kind of Port Loading Arms is fully balanced in all positions with two separate counterweights and it is the simplest type  
Used for:oil and chemical product  
Handle type:manual

LA-F 全平衡式

LA-F型港口用装卸臂整体为钢结构,是结构型式最简单的装卸臂,臂体在任何位置达到全平衡,不用任何起重工具即可完成回转接头的解体和密封圈的更换。LA-F型港口用装卸臂设计为手动操作。

规格: DN150 DN200 DN250

### 标准的设计包括:

- 机械锁紧装置
- 整体为钢结构
- 低扭矩的回转接头使操作容易
- 操纵绳
- 两套单独的平衡系统
- 高流速低压降
- 密封材料:丁腈橡胶、氟橡胶、聚四氟乙烯

### 可选附件:

- 限位报警
- 绝缘法兰
- 手动真空断路阀
- 自动真空断路阀

LA-F 型港口用装卸臂

### 基本型式

两套单独的平衡系统使臂总成在任何位置达到全平衡。  
适用: 油品、化工介质  
控制型式: 手动
